

Share Max R01 Wireless Presentation System

Get information at the touch of a button with the **Share Max R01**, the latest stand alone wireless presentation box, powered by *EShare*.

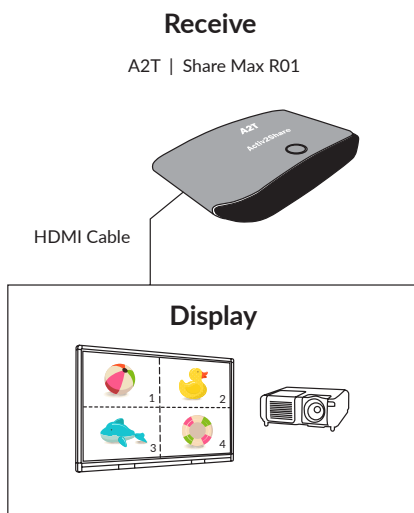

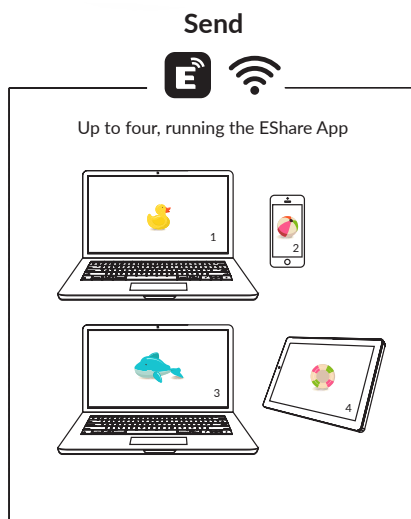

Presenting Wirelessly is Easy

The Share Max R01 is ideal for integrating your existing display screens or data projectors[^] to create a true wireless presentation system.

It allows any device running the *EShare App* to easily and seamlessly connect and **screen mirror** or **video stream** from a smartphone to a Windows laptop, iPad or MacBook etc.*

Multiscreen interaction is also available and allows up to 4 devices to be connected to the Share Max R01 at the same time.

It's time to cut the cables and display your presentation wirelessly with the A2T Share Max R01!

Key Features

- ▶ Share screens from Windows, Mac and Android
- ▶ Dual Wi-Fi module allows network and hotspot connection to run simultaneously
- ▶ Display up to four screens via Multiscreen
- ▶ Can be used with USB or HDMI wireless display dongle

[^]Display screens and Data Projectors require a HDMI input.

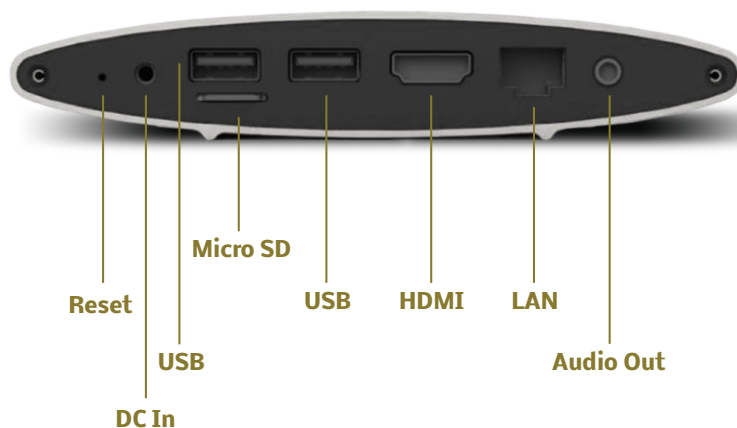

*All devices need to be connected to the same network as the Max R01.
